Rationale for Subcontracting

Azesta is committed to delivering high quality apprenticeship provision to meet the needs of both the Employer and the Apprentice. Azesta are fully committed to delivering all parts of any apprenticeship programmes, along with their administration, except in limited instances where we recognise the need to enhance the opportunities available for learners or bring in specialist support.

Purpose of Subcontracting

Azesta may enter into a subcontractor arrangement to provide training if we do not have the appropriate level of expertise in house, or if the subcontractor involved is able to enhance the opportunities available for learners.

Azesta for one cohort, has made arrangements to work closely with another provider to enhance the delivery of a specific Level 3 Team Leader/Supervisor programme.

Choice of Subcontractor

All subcontractors have a contractual relationship with Azesta and must be listed on the Apprenticeship Provider and Assessment Register (APAR).

The choice of subcontractor is agreed with the Employer before the start of the apprenticeship.

With regard to collaborative working for one Level 3 Team Leader/Supervisor programme, Azesta have chosen another local provider, with a proven track record of delivery, to enhance their own offering.

Management Fees

Azesta currently charge a 27.5% fee (including contract management and some in-house delivery) when working collaboratively on one cohort of our Level 3 Team Leader/Supervisor programme.

For any further information regarding subcontracting arrangements, please contact apprenticeships@azesta.co.uk
